The two females are:
Kynnli Jones and Piper Byrd.

The two males are:

Mission Statement

The Knights Templar Educational Foundation Committee considers all applications for scholarships without regard to age, race, religion, National origin, gender, Masonic ties, or affiliations. These scholarships are not "grants in aid" but are open to all students regardless of their financial circumstances.

Purpose

Provide financial assistance to students who meet the required qualifications, which may vary from state to state.

History and transition of the Knights Templar Educational Foundation.

In 1922, the Grand Encampment launched the Knights Templar Educational Foundation with the words: "We feel that the Grand Encampment can build no greater monument nor inaugurate a more worthwhile movement than to establish a plan which will put into effect a plan which will provide educational advantages for the youth of our beloved country, thereby enabling them to become more useful members of society and better Citizens of the United States of America."

The Foundation was sustained and perpetuated by each Sir Knight paying the sum of \$1.00 annually for a period of nine years beginning July 1, 1924. This fund became available for student loans.

Through the years, the fund has grown, and Grants and Scholarships are available in several states. However, some states continue to use the Loan program where the student is expected to repay the loan at a low interest rate. States have either Grants, Scholarships, or Loans, but not both.

3. A professional school that offers preparation in medicine, law, theology, engineering, business, agriculture, and others.
4. Colleges and universities that give a firm foundation for business, trade, or profession.

The Record

Since its founding, the Knights Templar Educational Foundation has assisted more than 80,000 students for an aggregate monetary value of over 38 million dollars through Loans and Scholarships to deserving youth, thereby exemplifying the purpose and principles for which it was created.
